## EXAMINATIONS BY PSI

This Candidate Information Bulletin provides you with information about the examination and application process for insurance licensing in the State of Oklahoma.

The Oklahoma Insurance Department has contracted with PSI Services LLC (PSI) to conduct the examination program. PSI provides examinations through a network of computer examination centers in Oklahoma. PSI works closely with the State to be certain that examinations meet local as well as national requirements in basic principles and examination development standards.

The Oklahoma Insurance Department includes the Licensing Division which oversees Licensing and Continuing Education Requirements for insurance adjusters, producers, and Customer Service Representatives (CSRs); and is responsible for all aspects of licensing, supervision and regulation of bail bondsmen in the state of Oklahoma.

You may check the status of a license online at the OID webpage using the License Lookup tool.

### MANAGE YOUR LICENSE

Your new Oklahoma Insurance license belongs to you and the license is the sole responsibility of the licensee. The OID has developed a comprehensive webpage to help you manage your license. License Tools include: License Lookup, Print License, View CE Transcript, CE Course Lookup...and many more. The OID will also post important Notices to our webpage that may affect your license. You may submit New, Renewal and Reactivation applications online. Access the OID webpage at [www.licensing.oid.ok.gov](http://www.licensing.oid.ok.gov) and add this site to your Favorites folder for easy access. All Oklahoma licenses are renewable biennially (excluding Viatical Settlement and Broker licenses). Renewals are required to be processed online and many license types have requirements, such as Continuing Education, that must be met prior to renewal.

## CONTINUING EDUCATION (CE) REQUIREMENTS

All resident producers (agents), CSRs and adjuster licensees are required to complete continuing education biennially prior to their renewal date. ## EXAMINATION QUESTION EXAMPLE

During the examination, you should press 1, 2, 3, or 4 to select your answer or press “MARK” to mark it for later review. You should then press “ENTER” to record your answer and move on to the next question. A sample question display follows:

**IMPORTANT:** After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

## TAKING THE EXAMINATION BY COMPUTER

Taking the PSI examination by computer is simple. You do not need any computer experience or typing skills. You will use fewer keys than you use on a touch-tone telephone. All response keys are colored and have prominent characters. An illustration of the special keyboard is shown here. You may also use the mouse.

## EXPERIMENTAL QUESTIONS

In addition to the number of questions per examination, a small number of two to ten “experimental” questions may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such non-scored experimental questions is an essential step in developing future licensing examinations.

## EXAMINATION REVIEW

PSI, in cooperation with the Oklahoma Insurance Department, will be consistently evaluating the examinations being administered to ensure that the examinations accurately measure competency in the required knowledge areas. While taking the examination, examinees will have the opportunity to provide comments on any questions, by using the comments key on the keyboard. These comments will be analyzed by PSI examination development staff. PSI does not respond to individuals regarding these comments, all substantive comments are reviewed. **This is the only review of examination materials available to candidates.**

## IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

## TUTORIAL

Before you start your examination, an introductory tutorial to the computer and keyboard is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice using the keys, answering questions, and reviewing your answers.

One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

## SCORE REPORTING

Your score will be given to you immediately following completion of the examination. The following summary describes the score reporting process:

- **On screen** - your score will appear immediately on the computer screen. This will happen automatically at the end of the time allowed for the examination; if you are using review features, you will be able to obtain your score immediately when you indicate that you have finished and would like to see your results.
  - If you **pass**, you will immediately receive a successful notification.

- If you **do not pass**, you will immediately receive an unsuccessful notification on the screen along with a diagnostic report indicating your strengths and weaknesses by examination type. Registration forms for submittal to PSI to retake the examination will be available at the examination site.
- **On paper** - an official score report will be printed at the examination site.

### DUPLICATE SCORE REPORTS

You may request a duplicate score report after your examination by emailing [scorereport@psionline.com](mailto:scorereport@psionline.com) or by calling 800-733-9267.

## TIPS FOR PREPARING FOR YOUR LICENSE EXAMINATION

The following suggestions will help you prepare for your examination.

- Planned preparation increases your likelihood of passing.
- Start with a current copy of this Candidate Information Bulletin and use the examination content outline as the basis of your study.
- Read study materials that cover all the topics in the content outline.
- Take notes on what you study. Putting information in writing helps you commit it to memory and it is also an excellent business practice. Underline or highlight key ideas that will help with a later review.
- Discuss new terms or concepts as frequently as you can with colleagues. This will test your understanding and reinforce ideas.
- Your studies will be most effective if you study frequently, for periods of about 45 to 60 minutes. Concentration tends to wander when you study for longer periods of time.

Now you can take the practice exam online at [www.psiexams.com](http://www.psiexams.com) to prepare for your Oklahoma Insurance Examination.

Please note that practice exams are intended only to help testing candidates become familiar with the general types of questions that will appear on a licensing examination. They ARE NOT a substitute for proper education and study. Furthermore, scoring well on the practice exam does not guarantee a positive outcome on an actual licensing examination.

Note: You may take the practice exams an unlimited number of times; you will need to pay each time.
